PROJECT X SITE PRE-BRIEFING (Abstract)
(Project X Representative-Instructor)

Safety Considerations: Project X implies a medium safety risk. Participant's feet or grip could slip off and incur a serious injury. Further, participants could sustain injury when jumping off from structures to the ground.

Participants

- Proper dress
 - ✓ No rings, watches, earrings, necklaces, or other jewelry (small wedding bands are okay)
 - ✓ Wear safety straps with glasses
 - ✓ Use gloves in tasks (optional)
 - ✓ Look out for bugs, snakes around obstacles
- Take risks within physical capabilities
 - ✓ Inform flight commanders and flight mates of physical limitations
 - ✓ Be careful when swinging on ropes
 - ✓ Don't tie rope around body
 - ✓ Watch for walls, columns, people
 - ✓ Jumping from different parts of the task is prohibited
- Be careful when moving equipment
 - ✓ Make sure all team members are ready
 - ✓ Don't throw heavy equipment
 - ✓ Be careful for fingers under boards, pipes, or drums

Safety Observers

- Be active, it's your job to anticipate unsafe conditions to prevent injuries
 - ✓ Be in position to help
- If someone falls
 - ✓ Don't try to catch them
 - ✓ Break their fall
 - ✓ Push into the rocks - away from concrete, fence, or wood

General Safety/Information

- No horseplay
- Brief weather considerations (Hot or Cold as appropriate)
- Policy on photographing tasks
 - ✓ No pictures of solution
 - ✓ No video
