

Spring 2025 Continuity

Job Title: Basic Cadet (BC) Flight Commander

Immediate Chain:

- Wing Commander
- Operations CC
- BC Squadron CC

Area of Responsibility:

- Get the 100s/150s ready to become 200s (leaders)
- Teach and motivate BCs
- Keep BCs safe

Weekly Flow:

- **Assign new FC for the week**
 - Staff is up to GMC FC
 - Sometimes choose a specific position for a cadet if we think they need experience
 - Changed after Tuesday PT or before Thursday LLAB
- **What we are doing for LLAB**
 - Only if there is Flight Time
- **What we are doing for Flight Meeting (every Tuesday)**
 - C/Al Luhaibat and I started optional Flight Meetings 1600-1700

|---|---|
| Struggles I Experienced: <ol style="list-style-type: none"> 1. I don't like talking a lot 2. BC sharing deep personal problems 3. Not knowing a lot of things | How Did I Address the Struggles? <ol style="list-style-type: none"> 1. Caffeine, knowing it sucks having a silent FC, I want them to be a better GMC than how I was 2. Appreciate them for letting you know and be understanding/ socially aware during that time 3. Come more prepared but if needed just say "I'm not too sure but let me look it up real quick" (don't do it a lot though) |

|---|
| <u>Advice:</u> <ul style="list-style-type: none"> ● Flight meetings <ul style="list-style-type: none"> ○ C/Al Luhaibat and I had them every Tuesday and half the flight shows up, sometimes more ○ We did D&C and GLPs ○ Cadets really enjoyed it and got closer as a flight ● Cadets know the answer they are just afraid to be wrong ● When a cadet is quiet → talk to them one-on-one (say hi, ask them why they joined) or make them FC (honestly, it helps them learn) ● You'll be a good Flight CC, don't worry |
|---|

Resources/Links:

Here is my [POC Flight Google Drive](#). It has an attendance sheet, position tracker, their GMC access folder, and random stuff we used at one point. There are not much resources/links, most is up to you.
