		AS200s	Scenario #2		See Schedule	1425-1530		11.1,11.2, 11.3,11.4		Evaluators				
		AS200s	Debrief		See Schedule	1530-1540		8.4		Evaluators				
		ALL	Transition to Pictures		Transition	1540-1545		N/A		C/Vallor, C/Rodriguez				
		ALL	Pictures/Final Remarks		See Schedule	1545-1615		N/A		C/Eggers, C/Vallor, C/Rodriguez				
		ALL	Depart Beast		Transition	1615		N/A		C/Vallor, C/Rodriguez				
F. Inclement Weather		Event will be conducted:		Event will be conducted outdoors.										
		Projected Weather Forecast: (Source: https://www.ksat.com/weather/)		Sunshine / Patchy Clouds	High: 75°F	Low: 63°F	Precip: 0%	Winds / Gusts: 12 ESE / 15 mph	Forecast Date: 06 Apr 24					
		Impact Plan:		In case of weather-related impacts/cancellations, determined by Cadre or campus Admin, the Det 842CW/CC will ensure all cadets are notified ASAP as to the mitigation plan / cancellation of PMT										
G. Risk Management	IAW AFROTCI36-2011, para 1.13.7 Risk management has been incorporated into all facets of the detachment, to include the training program. This 5-step Deliberate process is IAW AFI90-802 <i>Risk Management</i> . Any activity determined to be of medium or high risk after control measures are implemented must receive Det Commander approval.													
		Step 1: ID Hazards		Step 2: Assess Risk (see Risk Matrix)		Step 3: Controls Measure			Step 4: Implementation		Step 5: Supervise			

		Hazard / Causes	Severe	Prob	Assessment	Mitigation Measure	New Assessment	Method	CW/CC Initials	OFC Initials
		Inclement Weather	II	O	Medium	If mild, operations will continue and pause as necessary. If severe, event will be canceled.	Low	Cadets and Cadre will be notified NLT 2200 05 Apr.	SI	
		Dehydration/ Heat Related Injuries	II	L	Medium	Cadets may hydrate at-will. All cadets must carry water with them at all times. Water stations will be available at the Village, Reaper, and Chapman Annex	Medium	Stress the importance of hydration. In event of emergency, cadets may seek shelter and aid from the Cadre medic van.	SI	
		Spread of COVID-19	II	L	Medium	It is recommended that cadets wear a mask before and after PMT.	Low	Cadets will sanitize equipment and station surfaces. Hand sanitizer will be used frequently. Cadets will be reminded of the option to wear a mask.	SI	
		Wildlife & vegetation	II	L	Low	Brief all known hazards during safety brief, use of insect repellent, monitor personnel with known allergies.	Low	Stress to cadets to be extra cautious when navigating terrain and to be situationally aware of their surroundings. Cadets will need to wear clothing that covers their skin to minimize exposure.	SI	
		Falls/sprains/muscle strains/bruising/splinters	II	L	Medium	Pre-brief cadets; demonstrate proper execution of each task. Inspect facilities prior to use, loosen fall pits, check padding for proper positioning. Safety team will scan high-traffic routes in the field and mark high risk areas.	Medium	While at BEAST, cadets will have safety spotters for elevated obstacles. Cadets will be briefed on how to negotiate obstacles correctly. Safety team will address potential hazards in the SOP brief.	SI	
		Pyrotechnics/unexploded ordnance located around base	II	S	Medium	Cadets will be presented in the OPORDS what a UXO looks like. If identified during event, cadets will remove themselves from area and Range Ops will be notified.	Low	Cadets will be briefed on ROEs for UXOs in LN SOP. Cadets are not to approach any UXOs or object that appears to be one. Cadets will need to be mindful when navigating through thick forest and brush areas.	SI	
		Heart Attacks, Seizure, Stroke, and other serious concerns	IV	U	Medium	All cadets have sports physicals on record, indicating ability to perform tasks.	Low	Cadets will not participate unless sports physical/DODMerb are current.	SI	
		Overall Risk Assessment			Medium	Overall Risk after Controls	Low	Det/CC Approval if more than Medium	Det/CC Initials	

4. Approval					
A. CW/CC Signature	SOPHIA IRIZARRY, C/Col Commander, 842d AFROTC Cadet Wing <div style="text-align: right;"><i>Sophia Irizarry</i></div>				
B. OFC Approval / Signature	X	APPROVE		DISAPPROVE	DATE: 04 April 2024
	LANDON PRENDERGAST, Capt, USAF Operations Flight Commander, AFROTC Detachment 842 <div style="text-align: right;"><i>Landon Prendergast</i></div>				
C. Det/CC Approval / Signature	X	APPROVE		DISAPPROVE	DATE: 04 April 2024
	The 6-hour PMT limit per week will be exceeded Week 12. This is required to provide hands-on training to properly prepare cadets and obtain the required expeditionary skills to become Air and Space Force officers. Per AFROTCI 36-2011, paragraph 10.2.14.1, I approve this event.				
	GREGORY CYRUS, Col, USAF Commander, AFROTC Detachment 842				

Operation Risk Management Assessment

<div style="text-align: center;"> Risk Assessment Matrix  </div>		Probability/Frequency of Occurrence Over Time				
		Frequent (F)	Likely (L)	Occasional (O)	Seldom (S)	Unlikely (U)
		Continuously experienced	Will occur frequently	Will occur several times	Unlikely, can be expected to occur	Improbably, but possible to occur
	Catastrophic (IV) Death, loss of limb, loss of eyes	Extremely High	Extremely High	High	High	Medium
	Critical (III) Non-commissioning/unable to fly: loss of consciousness, significant ligament tears, serious joint damage	Extremely High	High	High	Medium	Low
	Moderate (II) Injury/places cadet on MRS, bone breakage, serious sprains, stitches needed	High	Medium	Medium	Low	Low
	Negligible (I) No impact to MRS, bumps/bruises, minor sprains	Medium	Low	Low	Low	Low
