

In-Processing Plan

Plan:

- A. Set up according to the map (bottom of document). Should have 2 tables that cadets will check-in to
- B. Cadets will be arriving from the parking lot and form into 2 elements and march down the sidewalk reaching the check-in tables
- C. Prior to reaching the check-in tables cadets will approach a sidewalk surrounded by POC with high intensity
 - a. Want to simulate In-Processing at FT
- D. Cadets will report in and be given their flights by the In-Processing team with the flight list given
- E. After cadets have been given their flights they will proceed down the flight path
 - a. If a cadet passes their flight they must go all away around the flight path till they reach their flight again

POC:

- A. In-Processing Team assigned to your stations
- B. OpFor will help provide purposeful urgency / intensity
- C. Scenario Evaluators will be at your scenario
- D. Safety team ensure cadets aren't exhausted and have water
- E. Logistics team continue to help set up

Equipment:

- A. 3 Tables (for check-in)
- B. Laptops (In-Processing team must bring for check-in)
- C. Duct tape (for flight path)
- D. 6 Cones (for Flights)

Set-Up:
